

Writing Blogs.

1) Signing up on a blog hosting site via google account.

Step 1. First visit any blog hosting sites like blogger.com

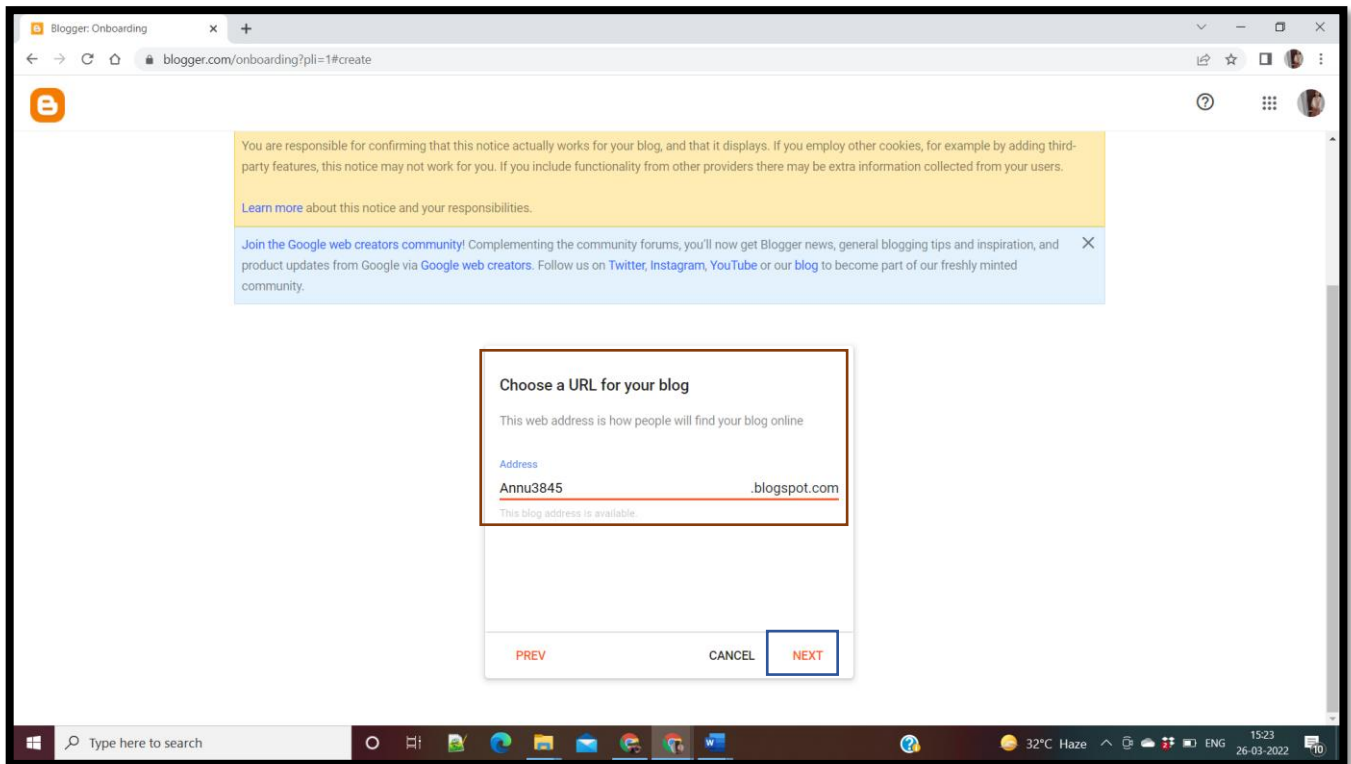

Step 2. After that click on the <create your blog> then it will ask you to choose your google accounts.

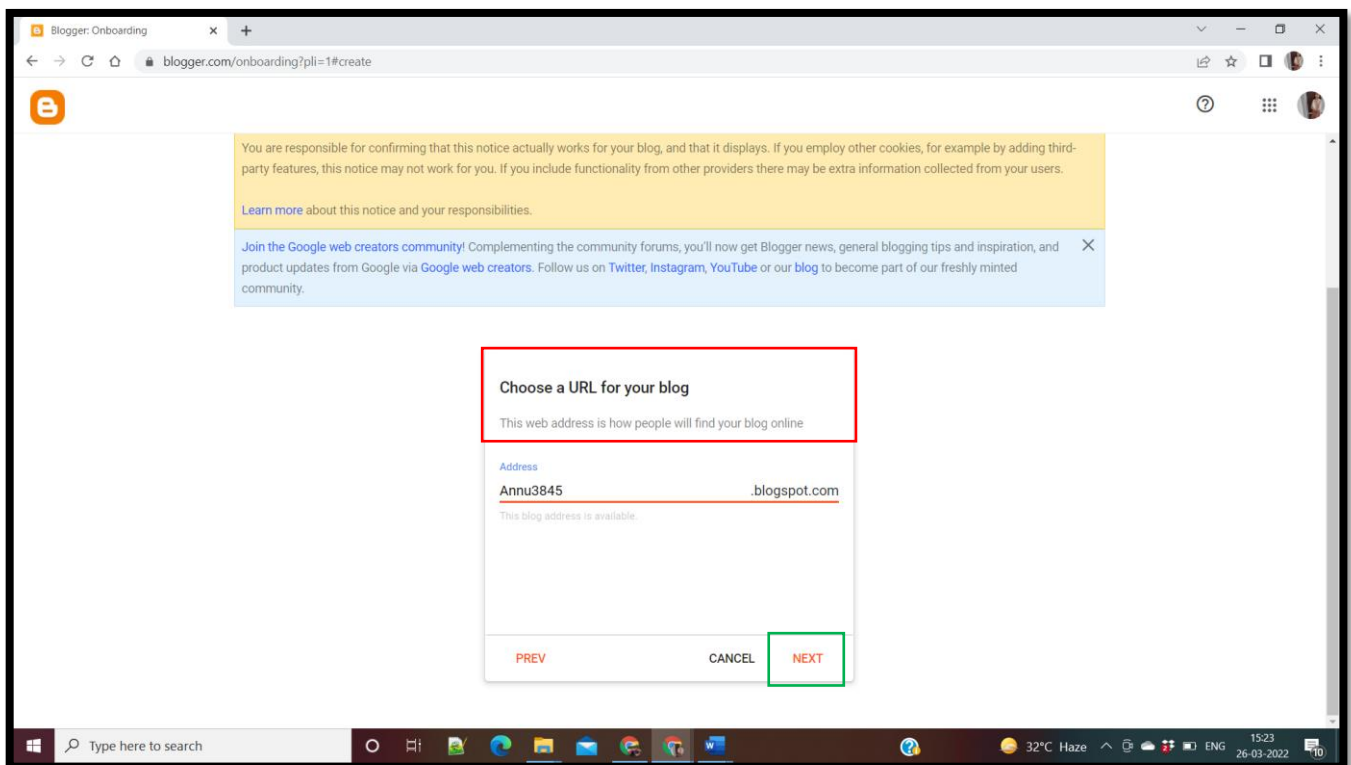

After you are done with the google sign in it will redirect to the homepage of blogger.com

2. Creating your own blog.

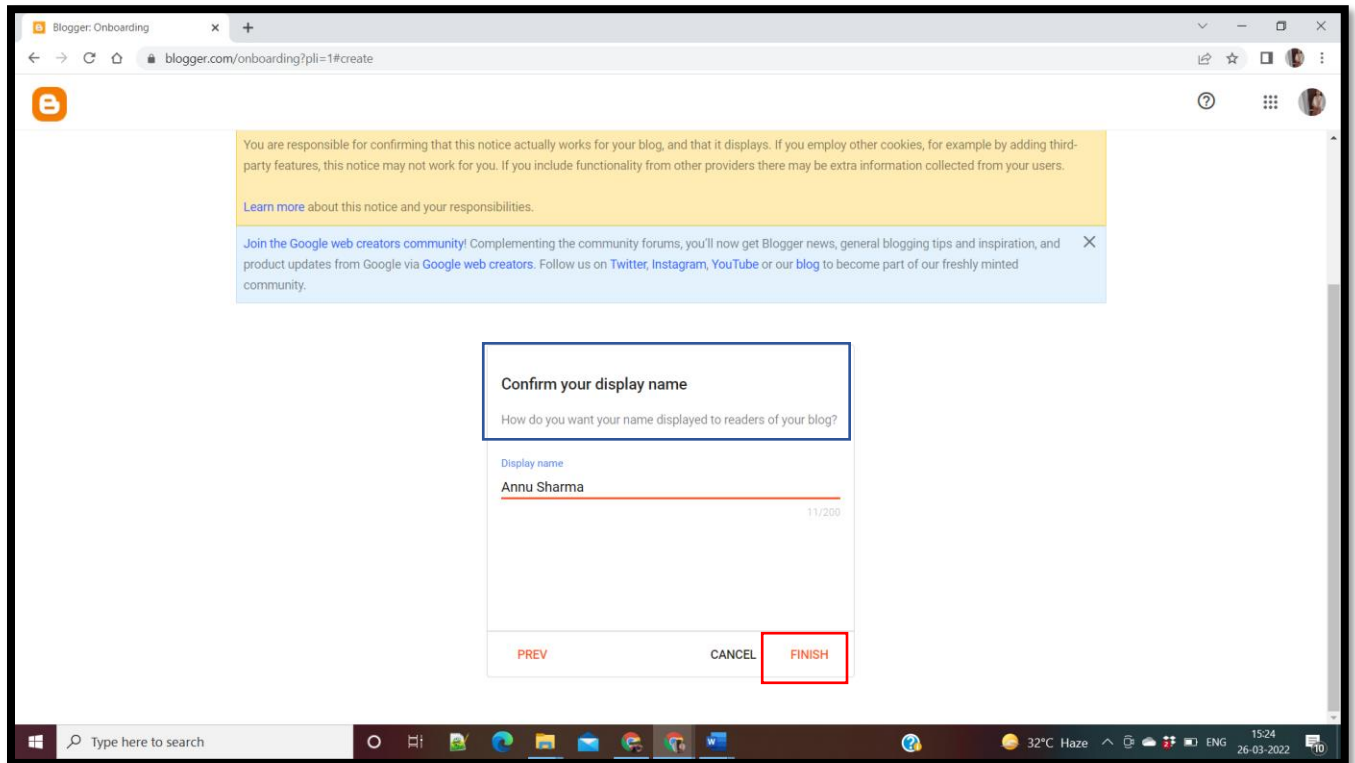

Step 1. Choose a name for the blog.

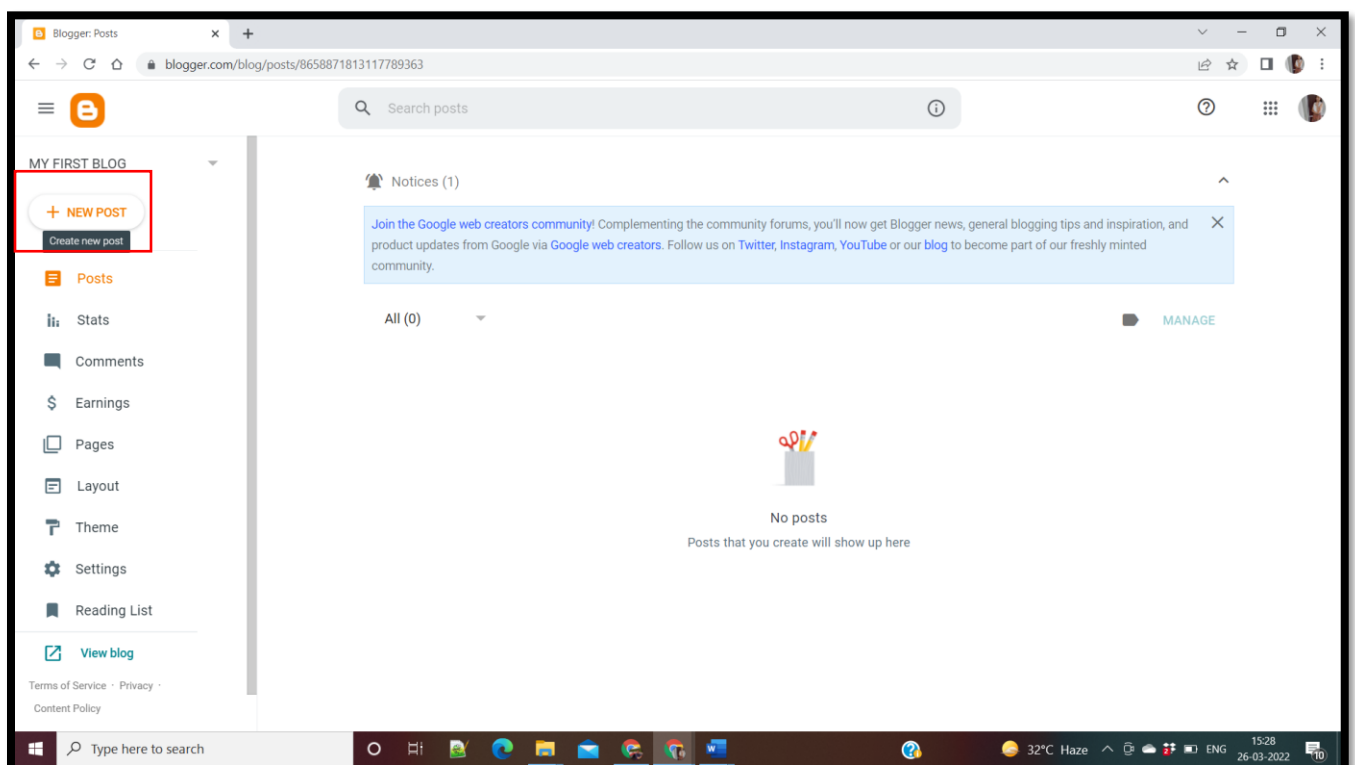

Step 2. After that create a URL for that blog.

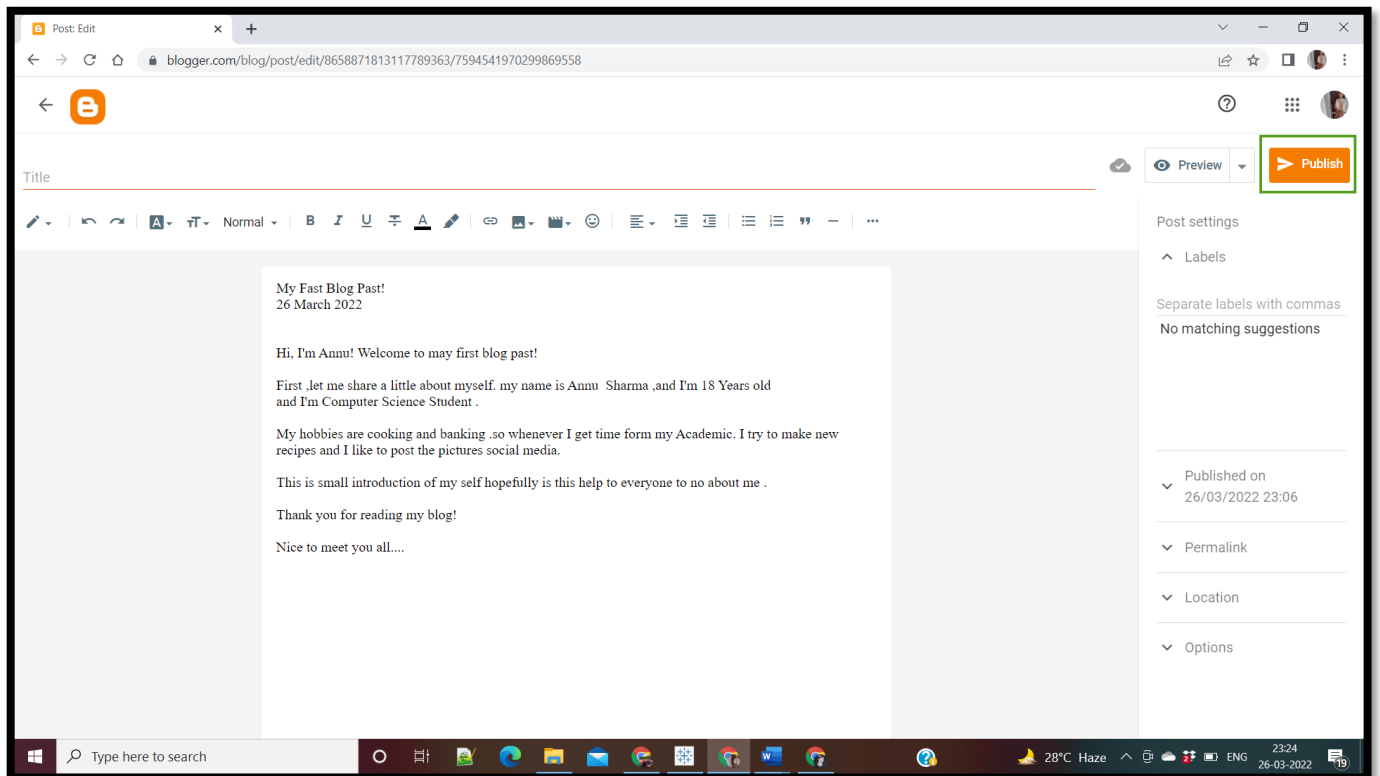

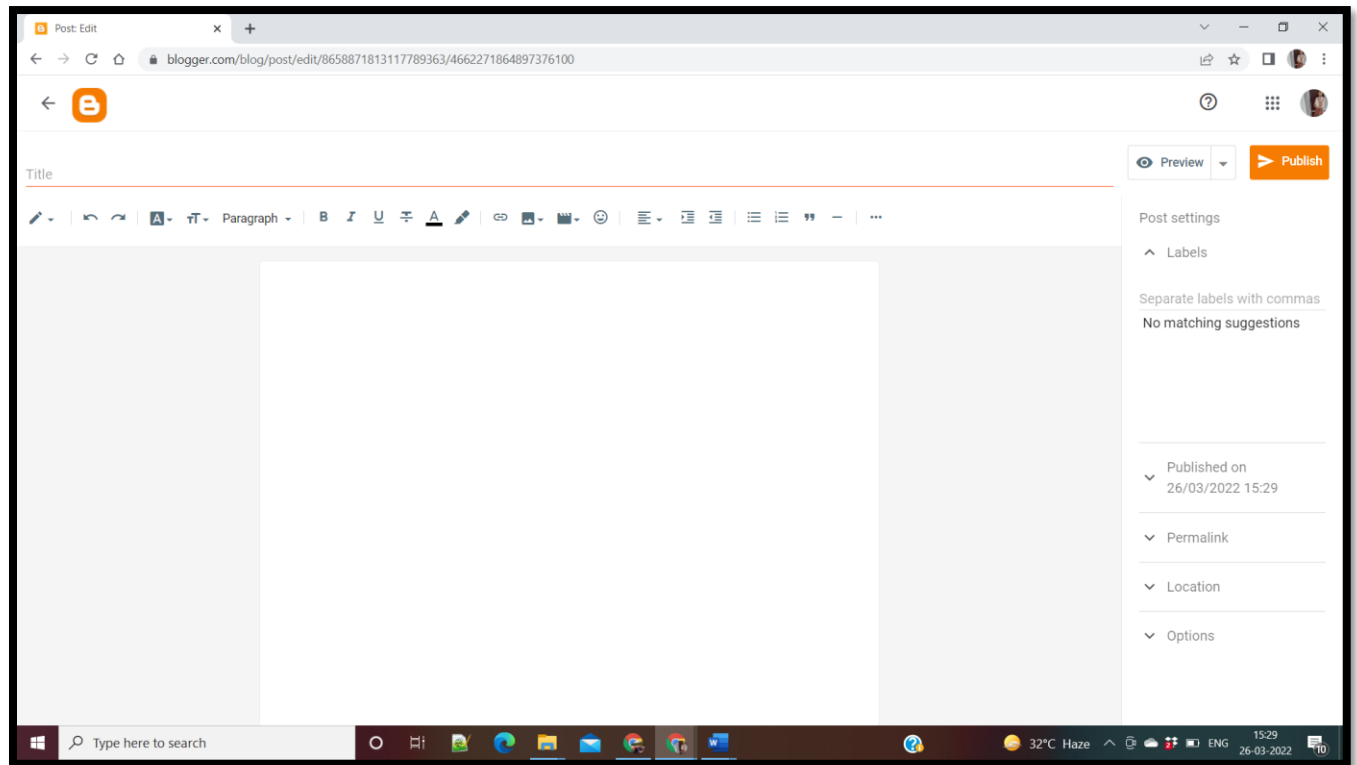

Step 3. Confirm your display name

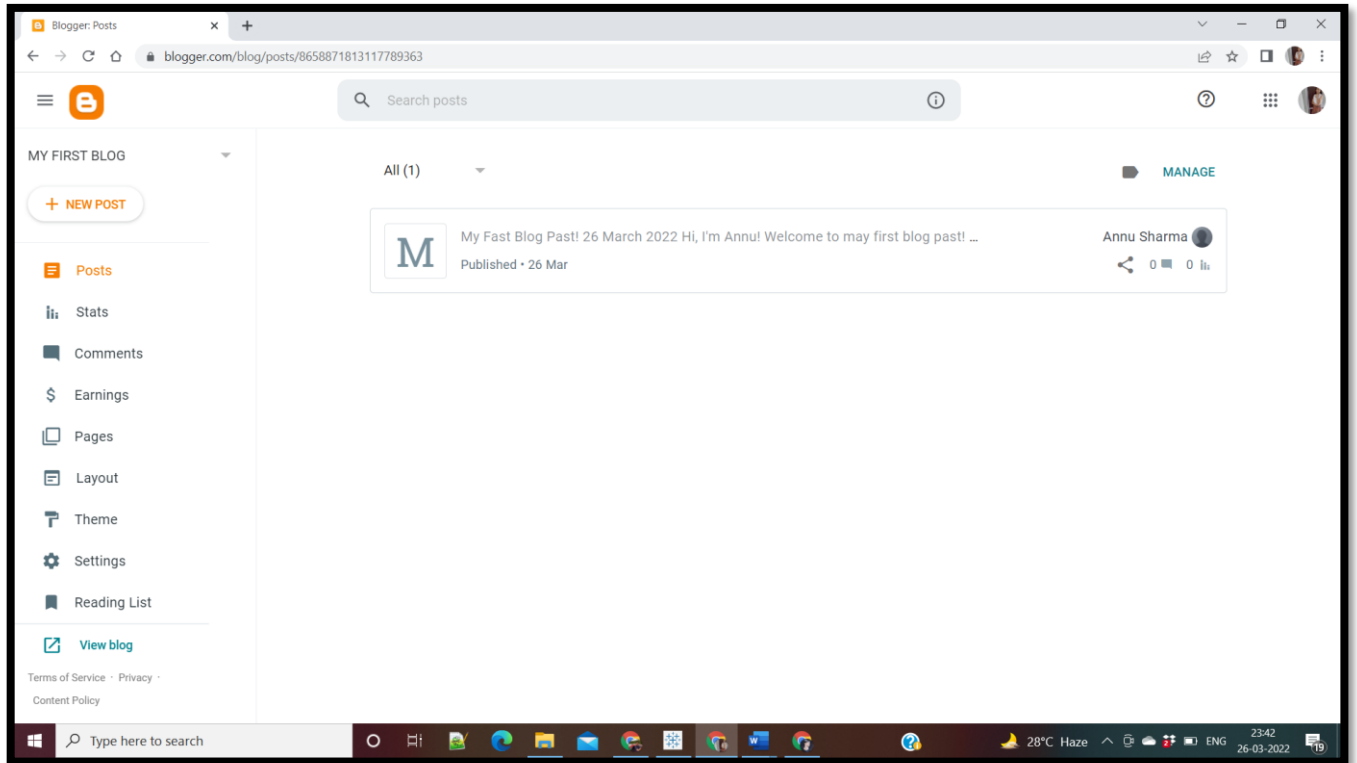

Step 4. Click on <new post> button.

And a text editor will open where we can write our blog.

Step 5. After finishing with blog we need to publish it by clicking on the <publish> button.
