

PRACTICAL 4- WIKIPEDIA, ACCOUNT CREATING, CREATING PAGE AND EDITING IT.

1) What is Wikipedia?

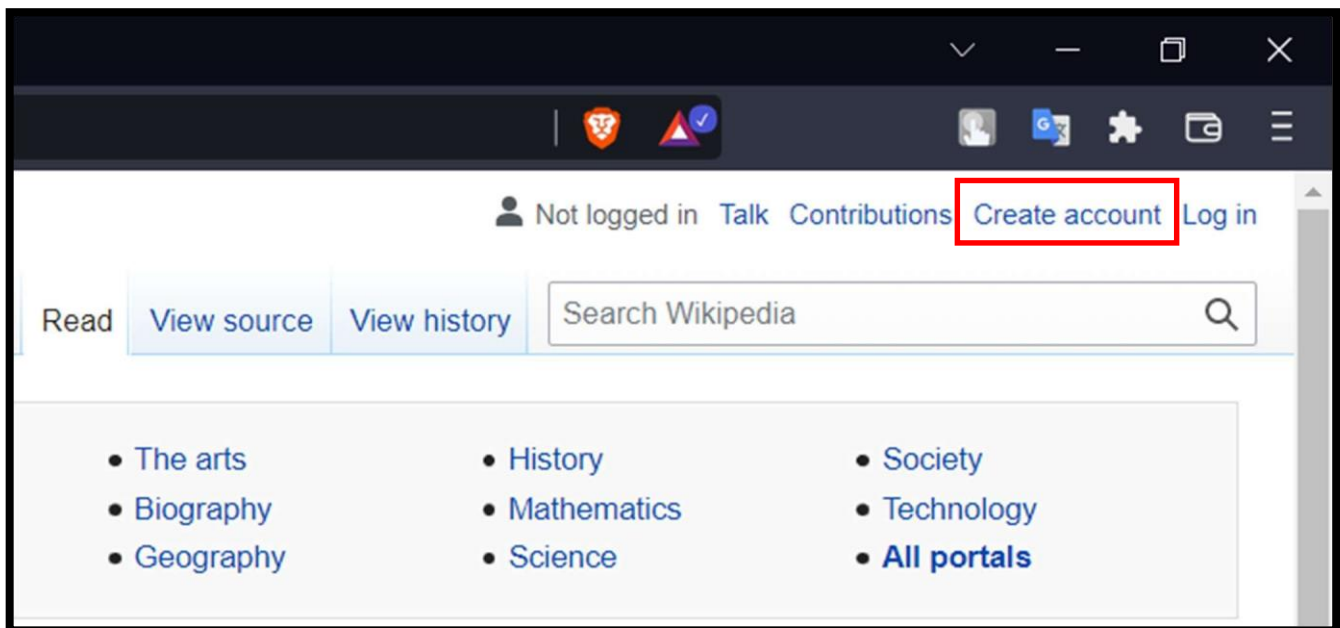

Ans- Wikipedia is a free content, multilingual online encyclopaedia written and maintained by a community of volunteers through a model of open collaboration, using a wiki-based editing system. Individual contributors, also called editors, are known as Wikipedia's. It is the largest and most-read reference work in history.

2) Creating an Account.

Step 1) Click on the <create account> button.

Step 2) After clicking there you will be given a form;

A screenshot of the Wikipedia 'Create account' page. The page title is 'Create account'. Below the title, it says 'Consider using a username other than your real name, as usernames are public and cannot be made private later.' The form has several input fields: 'Username (help me choose)', 'Password', 'Confirm password', 'Email address (recommended)', and a CAPTCHA Security check. A red box highlights the 'Username', 'Password', 'Confirm password', and 'Email address' fields. A red arrow points from this box to a white box containing the text 'Fill in the details.' The CAPTCHA image shows the text 'hanksslink'. At the bottom of the form is a blue button labeled 'Create your account'.

Step 3) Fill in the form and give the respected credential it asks .

After that click on the <create your account> button.

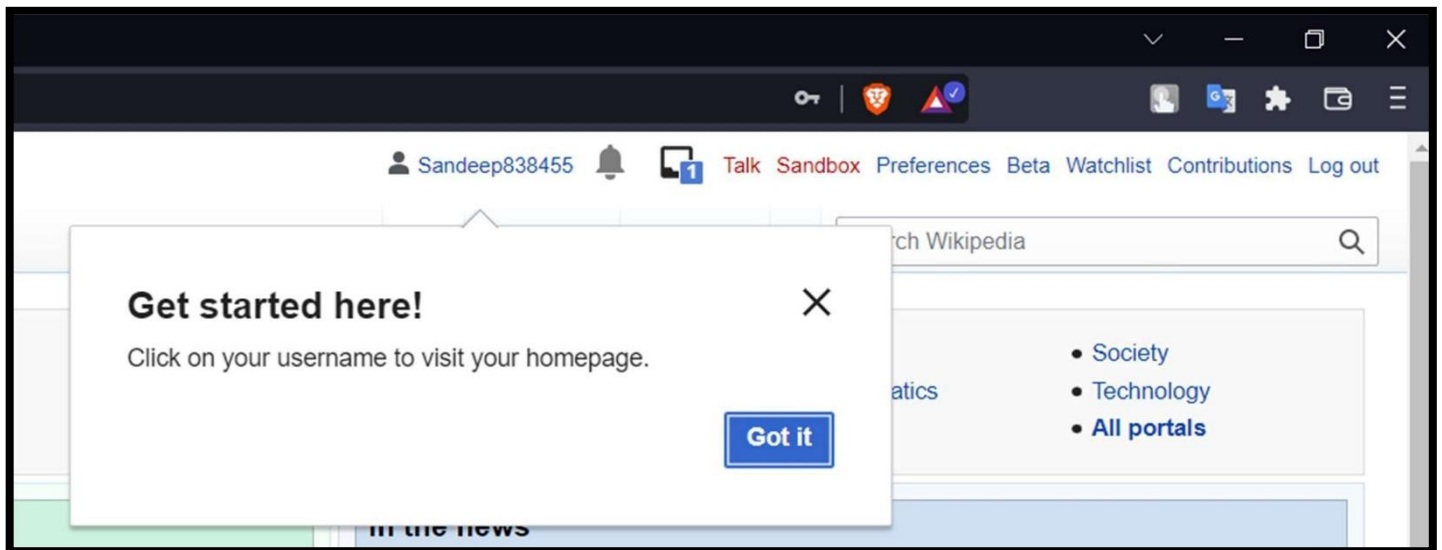

Wikipedia is made by people like you.

Metric	Value
